Crystalis Consulting A.S.

Assists clients in the improvement of their business processes and in making organizational and technological changes, supported by SAP. It's also a Sales Channel of SAP license. Clients are Mid-to-Large-sized and many Regional Companies are backed by our Regional network. The Company was originated in BDO Becher. As a BDO Partner, I developed the Consultancy area. In the year 2006 it separates from BDO as Crystalis and Seidor gets started and the Company goes on to be Crystalis Consulting A.S. I developed the operations since BDO Consulting A.S. had five professionals and an office in Buenos Aires. In 2011 I had a presence in the whole Latin American Rregion, with a very important Spanish partner and approximately nine hundred employees in the whole Region.
